Ref: Approval of Ideal Industries LANTEK<sup>®</sup> 6 & 7 Cable Certifiers.

Dear Mr. Pivonka,

This letter serves as approval and acceptance of the Ideal Industries LANTEK<sup>®</sup> 6 and LANTEK<sup>®</sup> 7 Cable Certifiers for use in the Leviton Certified Cabling System (CCS) Program. Certified installers under the Leviton CCS program, who are authorized to provide warranted installations, are authorized to use the LANTEK<sup>®</sup> 6 and LANTEK<sup>®</sup> 7 Cable Certifiers to field test those installations. All provisions and guidelines of the Leviton CCS program must be followed in order to qualify for the Leviton Lifetime Warranty, which includes 100% field testing. The LANTEK<sup>®</sup> 6 and LANTEK<sup>®</sup> 7 will meet the CCS program requirements for field testers for testing Cat. 5e (Level IIe) and Cat. 6 (Level III) installations.

If you should have any questions or comments, please feel free to contact me.

Sincerely,

Brian S. Ensign, RCDD
